facundogarcia.dev@gmail.com

Front-end developer with over 3 years of experience creating web applications primarily using React and JavaScript. I specialise in developing user interfaces and implementing solutions that improve operational efficiency. I have worked on transforming manual processes into automated systems, resulting in significant time and resource savings. Committed to continuous learning and adaptability, my motto *"If I don't know it now, I'll master it soon."* reflects my ability to acquire new knowledge and face challenges in web development.

Professional Experience

Rayo Estudio | Argentina - Remotely

Front-end developer | May 2022 - Present

- Developed custom WordPress plugins using React and basic PHP, improving client website functionality by incorporating subscription and mobile/tablet pricing assessment functionality.
- Designed and implemented responsive user interfaces with React and Tailwind, enhancing user experience on mobile devices.
- Integrated third-party APIs (MercadoPago, Strapi, Planday) into web platforms, enhancing payment processing and communication; reduced transaction errors and planning time, significantly boosting operational efficiency.

IDP Drift and Servicetjänster | Dalarna, Sweden

Information Systems Developer | December 2022 - July 2024

- Designed and implemented a web data extraction system with React and Node.js, automating the import of cleaning orders and eliminating repetitive manual work.
- Developed a billing system in Excel using VBA, optimising administrative processes and reducing human-counting errors.
- Led the migration of legacy systems to modern microservices-based architectures, integrated with Planday and Zapier, increasing software scalability and maintainability.

IBISDEV | Buenos Aires, Argentina (Remote)

Front-end Developer | October 2021 - April 2022

- Participated in the "La Masía" training program, developing advanced skills in React, Redux, and TypeScript.
- Contributed to the development of an internal order management tool using React and REST API.
- Participated in the implementation of unit and integration tests with Jest and React Testing Library.

GIRA POR LAS CASAS | Barcelona, Spain (Remote)

Front-end Trainee Developer | November 2020 - March 2021

- Designed the user flow and developed key components in React for the platform's MVP, contributing to the pitch that would attract the main investor.
- Migrated views from a CMS to a modern web application architecture using Vanilla JS / HTML5, improving load times and User Experience.

Featured Projects

Cleaning Order Management System at IDP Drift

Technologies: React.js, Node.js - Express - Google APIs Spreadsheets, PDF.js

- Designed and launched a comprehensive full-stack web application, automating the conversion of PDF cleaning orders to JSON format, cutting down processing time by ~70%.

Cleaning Tracking Application at IDP Drift

Technologies: React.js, Google AppSheets, Firebase

- Designed and implemented a mobile/web application (on the Google AppSheet service) to manage cleaning orders for SkiStar, one of IDP Drift's most important clients.
- High increase in service efficiency and improvement in supervisors managing flow's satisfaction.

Education

Full-stack web development | Buenos Aires, Argentina
Digital House | Sept 2020 - April 2021
Full-stack development focusing on JavaScript and React
Node.js and databases.

Technical Skills

- **Languages**: JavaScript, TypeScript, HTML5, CSS3
- **Front-end**: React.js, Next.js, Chrome extensions Development, Tailwind
- **Back-end:** Node.js and Express, OAuth2, Passport
- **Databases**: MongoDB, mongoose, and MySQL
- **Testing**: Jest, React Testing Library
- **Version Control**: Git, GitHub
- **Other tools**: Advanced Excel, VBA, Google AppSheets, Illustrator, Figma
- **Design**: UX Design orientation

Technologies in Learning

- Vitest, React v19, Next.js v15

Languages

Spanish (Native)2020
English (Advanced - C1)
Italian (Intermediate - B1)

Soft Skills

Problem-solving, Teamwork, Effective communication, Adaptability, Quick learning.
